Maternal-Fetal Imaging
Advances in OB-GYN Ultrasound
Improving Your Skills: Practical Approach to Ultrasound Imaging

18.25 AMA PRA Category 1 Credits™
18.25 Cognate Credits

JANUARY 12-14, 2024
The Westin Riverwalk
San Antonio, TX

PROGRAM DIRECTORS:
Reem S. Abu-Rustum, MD, FACOG, FACS, FAIUM
Dolores H. Pretorius, MD, FACR, FAIUM, FSRU

FACULTY:
Alfred Z. Abuhamad, MD, FAIUM; John J. Byrne, MD, MPH;
Deborah D’Agostini, RDMS, FAIUM; Yvette S. Groszmann, MD, MPH, FACOG, FAIUM;
Mindy M. Horrow, MD, FACR, FSRU, FAIUM; Sarah Page-Ramsey, MD, FACOG; Dan Wiesman, MS, CGC
Program Directors

Reem S. Abu-Rustum, MD, FACOG, FACS, FAIUM
Associate Professor
Director of Ultrasound Education and Research
Division of Maternal Fetal Medicine
Department of Obstetrics and Gynecology
University of Florida
College of Medicine
Gainesville, FL

Dolores H. Pretorius, MD, FACR, FAIUM, FSRU
Maternal-Fetal Care and Genetics
Professor Emeritus of Radiology
University of California
San Diego, CA

Welcome!

"Welcome to our annual MATERNAL-FETAL IMAGING course in beautiful San Antonio. This comprehensive course, delivered by leaders in the field, is packed with practical tips and pearls and is geared toward all sonologists – from the novice to the very advanced. We will cover the most challenging diagnostic conditions in prenatal diagnosis and gynecologic imaging. What is most unique about our course is its interactive nature. Expert maternal-fetal-medicine specialists, radiologists, sonographers and genetic counselors will share their respective multi-disciplinary approaches to various clinical scenarios. As always, we promise you an unforgettable learning experience and look forward to having you join us!"

Reem S. Abu-Rustum & Dolores Pretorius

Faculty

Alfred Z. Abuhamad, MD, FAIUM
President and Provost
Dean of the School of Medicine
Mason C. Andrews Professor of Obstetrics & Gynecology and Radiology
Eastern Virginia Medical School
Norfolk, VA

John J. Byrne, MD, MPH
Assistant Professor
Department of Obstetrics & Gynecology
Division of Maternal-Fetal Medicine
University of Texas Health Science Center at San Antonio
San Antonio, TX

Deborah D’Agostini, RDMS, FAIUM
Ultrasound Educator
Kamas, UT

Yvette S. Groszmann, MD, MPH, FACOG, FAIUM
Director of Gynecologic Ultrasound
Diagnostic Ultrasound Associates
Lecturer in Obstetrics, Gynecology and Reproductive Medicine
Harvard Medical School
Cambridge, MA

Mindy M. Horrow, MD, FACR, FSRU, FAIUM
Emerita Radiologist, Einstein Healthcare Network/Jefferon
Philadelphia, PA

Sarah Page-Ramsey, MD, FACOG
Jane and Roland Blumberg Professor in Obstetrics and Gynecology
Residency Program Director
Obstetrics and Gynecology
University of Texas Health Science Center at San Antonio
San Antonio, TX

Dan Wiesman, MS, CGC
Manager, Genetic Counseling
Department of Obstetrics and Gynecology
University of Florida
College of Medicine
Gainesville, FL

Course Objectives

Upon completion of this conference, the participant will be able to:

• Identify sonographic clues to an ectopic pregnancy
• Recognize the signs for placenta accrete spectrum
• Understand the role of ultrasound in the evaluation of the postpartum patient
• Utilize an evidence-based approach to evaluating the fetus with growth restriction
• Recite the key constituents of genetic counseling in the era of cell-free DNA screening
• Recognize the anomalies amenable to detection in the first trimester
• Understand the key planes and approach to evaluating the fetal heart in the first trimester
• Understand imaging techniques for advanced imaging of the fetal brain
• Demonstrate how to evaluate the fetal face and the role of 3D imaging
• Identify the most common syndromes associated with skeletal dysplasias
• Discuss key lessons learned from obstetric legal cases
• Optimize imaging for the evaluation of the fetal heart
• Assess the four-chamber view and recognize the anomalies that are amenable to detection
• Assess the three-vessel trachea view and recognize the anomalies that are amenable to detection
• Understand the most common fetal abdominal cysts and masses
• Recognize abnormalities of the fetal urinary tract
• Properly utilize ultrasound in the evaluation of the patient with abnormal uterine bleeding
• Recognize the sonographic findings for adenomyosis
• Properly evaluate the patient with chronic pelvic pain
• Understand the critical role of 3D ultrasound in the gynecologic scan
• Recite the most common adnexal masses in the pre- and post-menopausal patient
• Recognize the sonographic clues to ovarian/adnexal torsion

For disclaimers and other details about this course visit WorldClassCME.com.
Accreditation

– World Class CME is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

World Class CME designates this live activity for a maximum of 18.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The American College of Obstetricians and Gynecologists has assigned up to 18.25 cognate credits to this program.

The American Board of Radiology Maintenance of Certification – 18.25 AMA PRA Category 1 Credits™ - AMA credits can be used toward ABR MOC Part 2 requirements.

Nurse Practitioners and RNs - The American Nurses Credentialing Center and the American Academy of Nurse Practitioners Certification Program accept continuing education credits sponsored by organizations, agencies, or educational institutions accredited or approved by the Accreditation Council for Continuing Medical Education (ACCME).

Physician Assistants (PA) - The American Academy of Physician Assistants (AAPA) accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME. This course qualifies for Category 1 CME for PAs.

Certified Nurse Midwives - The American Midwifery Certification Board Certificate Maintenance Program accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME. This course qualifies for Category 1 CME for CNMs.

Category A CE credit is pending approval by the American Society of Radiologic Technologists. The American Registry of Diagnostic Medical Sonographers (ARDMS) accepts all American Society of Radiologic Technologists (ASRT) Category A credits as fulfilling their requirements for continuing education (CE) credits. This product/service is not affiliated with or endorsed by Inteleos, Inc.® ARDMS® and APCA™ are part of the Inteleos family of certification councils.

Disclosure - Visit WorldClassCME.com for disclosures.

Information

Target Audience
Physicians, nurse practitioners, physician assistants, nurse midwives, nurses, sonographers and radiologic technologists who work in a clinical practice setting using maternal-fetal ultrasound for diagnosis and screening.

Course Materials and CME Certificate
A few days prior to the course date you will receive a link to the digital syllabus containing lecture abstracts and slides should you wish to download and/or print these in advance of the course. Once on-site, you will receive a notebook with lecture objectives and notes pages. Your course evaluation and CME certificate will be sent to the email you provided when registering.

Meals
An expanded continental breakfast, as well as break refreshments will be provided daily in the exhibit hall.

Exhibits
Diagnostic ultrasound equipment vendors are scheduled to be on-site.

Explore San Antonio
The Westin Riverwalk’s fabulous central locale along the cypress-lined Paseo del Rio is ideal for exploring San Antonio’s history, great shopping, fine dining and music scene. A river taxi is a great way to see the city lights in the evening or visit the historic sites during the day.

The Pearl District’s cultural events, gardens, restaurants and farmer’s market are the latest additions to the award-winning culinary scene of San Antonio. The Riverwalk features art exhibits, parks, breweries and boutiques.

Take a walk or jog along the 15-mile Riverwalk, which extends from the heart of San Antonio in two directions – through the Pearl District to the San Antonio Zoo on one end, and through the historic King William District to Mission Espada on the other end.

Visit the Briscoe Western Art Museum or Alamo Plaza which houses the city’s five Spanish Colonial missions and the Alamo (a designated UNESCO World Heritage Site) for an interactive experience of Texas history.

A light laser light show which tells the story of San Antonio from the beginning to today takes place in the evenings at Main Plaza. Visit mainplaza.org for the schedule.

Hotel Accommodations
Discounted room rates of $229 (City View) and $249 (River View) are available for a limited number of rooms when reservations are made before 5pm EST December 28, 2023. For reservations, call (888) 627-8396 and identify yourself as an attendee of the Maternal-Fetal Imaging – World Class CME course. You may also book your hotel room online using the link on our website found on the hotel tab.

Known for their outstanding service, the Westin team members will make your San Antonio escape a vacation to remember.

Planning Your 2024 CME
Our dedicated customer service team is ready to assist with your 2024 CME planning. For more information, visit WorldClassCME.com, email office@WorldClassCME.com or call (888) 207-9105 M-F, 8:30 am to 5 pm EST.
