Gynecology and Reproductive Sciences
University of California, San Francisco,
San Francisco, California

WHAT PARTICIPANTS SAY...

Impressive line-up of speakers in a well-orchestrated course, and all in a beautiful location. Highly recommend. Definitely worth my time.

Nancy Grant, MD

Every sonographer scanning OB patients needs to attend. Very good speakers, great information and informative seminar.

Tina Lyon, RDMS

Love everything about this program. The content is well balanced and engaging overall. The faculty is warm and genuine. So glad to have you back in Seattle!

Deb Romar, RDMS

COURSE OBJECTIVES

Upon completion of this conference, the participant will be able to:

- Develop state-of-the-art practices for fetal anatomy (including cardiac), placenta and uterine survey at 11-14 weeks
- Incorporate and improve on practice guidelines for mid-gestation fetal cardiac evaluation
- Develop an approach to assessment, diagnosis, and surgical consultation for genitourinary anomalies such as hydronephrosis and complex urogenital anomalies, including bladder extrophy, cloaca and disorders of sexual differentiation
- Develop strategies for cervical assessment in pregnancies at risk for preterm birth
- Incorporate state-of-the-art practices in prenatal genetic screening and testing
- Improve strategies for early identification of complications of monochorionic twins
- Develop an anatomic strategy for the diagnosis of brain anomalies
- Improve assessment and diagnosis of uterine pathology in the non-pregnant patient
- Develop strategies for stratification of adnexal pathology as benign versus potentially malignant, including incorporating additional imaging and gynecologic surgery recommendations
- Develop an approach to assessment and diagnosis of amniotic fluid abnormalities throughout pregnancy
- Distinguish between different types of fetal lung masses and understand different implications and treatment options for various disorders
- Improve differential diagnosis accuracy for skeletal dysplasia, spine anomalies, abdominal wall defects and gastrointestinal anomalies involving the fetus.
- Develop strategies for sonographic assessment in pregnancies at risk for growth restriction

Program Details May Change
INFORMATION

Course Materials and CME Certificate
You will receive a digital syllabus containing lecture abstracts and slides accompanied by a notebook with lecture objectives and notes pages. For your convenience, we will email a link to the lecture slides submitted by faculty a few days before September 6, 2019, should you wish to download and/or print these in advance of the course. Your course evaluation and CME certificate will be sent to the email you provided when registering.

Social with Faculty and Meals
Please enjoy a Healthy Smoothie and Ice Cream Social with the Faculty and Exhibitors at 3:05 pm on Friday. An expanded continental breakfast, as well as break refreshments, will also be provided daily in the exhibit area.

Exhibits
Diagnostic ultrasound equipment, as well as medical book vendors, will be on site.

Discover the Excitement of Seattle
One of the most visited cities, Seattle has something for everyone – and the contemporary Marriott Seattle Waterfront is in the heart of it all. Enjoy the Space Needle, prime shopping, music and the arts, all within walking distance, and the city is alive with outdoor entertainment, local breweries and coffee shops.

Hotel Accommodations
A limited number of rooms have been set aside at the Marriott Seattle Waterfront starting at $239 per night. Reservations can be made by calling the Marriott Seattle Waterfront at 1-800-228-9290 and identifying yourself as an attendee of World Class CME’s Fetal & Women’s Imaging 2019: Advanced OB/GYN Ultrasound. The reservation deadline is 5 pm PST August 15, 2019. We recommend making your reservation in advance as the hotel may sell out prior to the reservation deadline. Early September is peak season in Seattle.

Program Details May Change

Accreditation – World Class CME is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

World Class CME designates this live activity for a maximum of 18.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American College of Obstetricians and Gynecologists has assigned up to 18 cognate credits to this program.

Physician Assistants (PA) – AAPA accepts AMA PRA Category 1 Credits™ for organizations accredited by the ACCME.

Nurse Practitioners and RNs – The American Nurses Credentialing Center and the American Academy of Nurse Practitioners Certification Program accept continuing education credits sponsored by organizations, agencies, or educational institutions accredited or approved by the Accreditation Council for Continuing Medical Education (ACCME).

Sonographers – Category A CE credit is pending approval by the American Society of Radiologic Technologists. The American Registry of Diagnostic Medical Sonographers (ARDMS) accepts all American Society of Radiologic Technologists (ASRT) Category A credits as fulfilling their requirements for continuing education (CE) credits.

This product/service is not affiliated with or endorsed by Inteleos™. ARDMS® and APCA are part of the Inteleos™ family of certification councils.

Disclosure – World Class CME relies on its CME faculty to provide program content that is evidence based and free of commercial bias. Therefore, in accordance with ACCME standards, any faculty, program director, reviewer, and/or provider industry relationships will be disclosed and resolved. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental or investigational uses of drugs or devices in their presentations.
